

CARDINAL DDB

Recessed Indirect Range with Dropped Basket

Attributes

- Low Glare Gull-Wing Reflector
- High Frequency Electronic gear
- Pleasing Soft Light Effect
- Easy Lamp Replacement
- Excellent Photometric performance

Description

Recessed fluorescent modular range of decorative luminaires designed for commercial environments. The luminaire uses compact lamps with high frequency electronic control gear. The gull-wing reflector gives a soft light distribution and is made from shaped powder coated mild steel. The central dropped perforated cylinder hides the lamps from direct view, whilst giving some light onto the ceiling. The luminaires are designed for use in those areas where aesthetic appearance is important and there are various options of light source available to enable a suitable balance between efficacy and effect to be achieved.

Specification

Lamp Type	Catalogue Number	Weight (kg)
1 x 36W TC-L	CRDDB 136L.HF	4.8
1 x 40W TC-L	CRDDB 140L.HF	4.8
1 x 55W TC-L	CRDDB 155L.HF	4.8
2 x 36W TC-L	CRDDB 236L.HF	5.8
2 x 40W TC-L	CRDDB 240L.HF	5.8
2 x 55W TC-L	CRDDB 255L.HF	5.8
Options

Dimensions

Technical

This range is suitable for normal operation from a 230V 50Hz supply. Other options are available. Do not carry out high voltage circuit tests with these luminaires. Always replace lamps before cycling occurs at end of life to avoid damage or injury due to lamp rectification. For any advice regarding the technical aspects of these products please consult our Technical Department.
